

## LEAGUE MEETS AFTER U.S. VOTE

President to Call Nations for Initial Session November 15.

(Public Ledger Service.)

The Assembly of the League of Nations will meet on November 15 at the call of President Wilson, it was announced yesterday following a conference at the White House between the President and Norman H. Davis, Undersecretary of State.

Significance was attached here to the fact that although the allies had requested that the call be issued for early in November, the Chief Executive had chosen the middle of the month, a date which will enable the members of the league to determine the position of the American people toward the league as the result of the "solemn referendum" which is to be held on the first Tuesday in November.

Officials refused to disclose the place of meeting until the President's formal call, which is to be issued from the White House, but it was made plain that the United States would not be represented in any sense at the initial meeting.

The selection of the date was, it was understood, designed to give the participants in the meeting of the assembly an opportunity to judge for themselves whether or not this country would ultimately enter the league and to proceed with their deliberations with accurate knowledge of how the mass of United States citizens regard the participation of this country in the affairs of the world.

## Alexandria.

THE HERALD BUREAU.  
A. S. Doniphan,  
737 King Street.

Alexandria, Va., July 10.—One thousand French, representing practically every fire company in Virginia, are expected to attend the 34th annual convention of the Virginia State Firemen's Association, which will be held here August 25, 26 and 27. A feature of the affair will be the big parade which will be held during the afternoon of August 25. James M. Duncan has been chosen chief marshal of the parade. Twelve bands will take part in the demonstration.

The local committee of arrangements is now busy arranging for the entertainment of the visitors. Most of the details already have been completed. King street, the main street of the city, will be decorated with flags, bunting and colored lights.

Many of the firemen will arrive August 24 and that night they will be tendered a reception. A big electric light at the office of chief Ogden, of the fire department, King street, will flash a welcome to the firemen.

A committee on entertainment, of which William Desmond is chairman, and H. Noel Garner vice chairman, will meet all incoming fire companies with a band and escort them to Chief Ogden's office, where they will be assigned quarters during their stay in the city.

The business session will be held the morning of August 25. That night there will be a band concert in front of the Young People's Building on Washington street, between King and Prince streets. All visiting bands will compete in this contest for a prize of \$100. The local firemen, with their apparatus, will stage a parade at 9:30 o'clock that night.

From 10 a. m. until 2 p. m. on August 26 the firemen will be escorted in automobiles to the Alexandria Naval Torpedo Station, Arlington and Washington. At 3 o'clock they will begin assembling for the big parade, which will move promptly at 4:30 o'clock. Most of the stores on King street will be closed for the parade in order that their employees may take part.

At night there will be a block dance and masked carnival which will be staged on Washington street, between King and Prince streets. There will be novel electric effects and noise-making devices.

The last day of the meeting, August 27, will be given over to reel races and other contests for which the winners will be awarded prizes. Most of the visiting firemen will entrain for home the evening of August 27.

After deliberating until 10 o'clock last night a jury in the Corporation Court in the suit of the Motor Fuel Mutual Fire Association against T. N. Eddy, the jury announced its inability to reach an agreement and was discharged. The suit was over possession of an automobile purchased in Washington by Mr. Eddy, for which he paid \$2,000 and which the company sought to recover. The plaintiff was represented by Attorneys Gardner L. Boothe, this city, and W. Glyn Gardner, Washington. Mr. Eddy was represented by Attorneys Leo P. Harlow and Fred G. Duvall. The case will be tried again before another jury at an early date.

Edward A. Munch, for the past year assistant manager of the Bendheim store here, will leave tomorrow for Cumberland, Md., where he has accepted a position as manager of a store.

Milton R. Evans, a former resident of Alexandria, died at his home in Philadelphia last night, according to word received here. He was for a number of years employed in a clerical capacity in the general offices of the Southern Railway Company in Washington. Mr. Evans was a son of the late Paul I. Evans and is survived by his widow, who was Miss Nellie O'Brien, of this city.

C. C. Carlin has purchased from Horace C. Fulton and wife a lot of ground at the northwest corner of Madison and Patrick streets. Mrs. Narce H. Christie has purchased from the General Realty Corporation house and lot 20, block 2, section 1, Rosemont.

There will be special religious services at 3 p. m. tomorrow at the Chautauque tent, at the head of King street. Ministers of the city will take part. There will be an address by Kirk B. Wallace, local secretary Y. M. C. A.

At an adjourned meeting of the Board held last night the aldermen concurred in the action of common council in appropriating the sum of \$10,000 to meet a deficit in the public school fund.

## Rainbow Vets Pant Dryly for Mountain Dew

Birmingham Fails to Keep Promise Made in France To Win Convention.

Birmingham, Ala., July 10.—Bitterness over the treachery by which their Birmingham "buddies" won the first Rainbow Division reunion was voiced today by early arrivals for next week's convention.

When the veterans met overseas to name the first convention city, rivalry between Chicago and Birmingham was so close the orators went wild.

"Gentlemen," cried a long, lanky corporal from Shelby County, "come to Alabama and we'll feed you real mountain dew corn liquor. Compared to the luke warm water, vermouth, and wine in the States, you'll find it a lot better."

"How much will you have on tap?" a Chicago doughboy interrupted.

"Six hundred gallons," Birmingham won.

But today Birmingham is dry, dusty as the back of a camel just off the desert.

"Where is that 600 gallons?" arrivals hulk when they touch the railway platform.

The reception committee only smiles helplessly.

Eight thousand Rainbow veterans are expected here for Monday's first session.

Annual Picnic Yesterday

OF R. P. Andrews Employees

R. P. Andrews Paper Company employees had their annual picnic yesterday afternoon on the grounds fronting the Sixteenth Street Reservoir. Leaving the store at 1 o'clock they were escorted out by the R. P. Andrews Band.

The feature was the baseball game between the white and colored teams.

The chairman of committees were Capt. C. T. Daly, reception; Oliver P. Merryman, music; Al. Tennyson, athletics; William Walsh, refreshments; Joseph McLaughlin, transportation; James McLaughlin, Jr., comfort; Gardner Johnson, publicity.

## Mount Rainier

Work of laying the new main to enlarge the gas supply for Mount Rainier is being pushed and the work is expected to be completed in about three weeks.

Citizens of Mount Rainier on July 26 are to vote on the bill authorizing the mayor and council to issue bonds for the building of roads and sidewalks.

One dog is reported to have died from rabies in Mount Rainier within the past few days and it is said that a number are chained up because of their queer actions.

Citizens of Thirty-first street, between Bunker Hill road and Ash street, are seeking improvement of the road, which is declared to be almost impassable in bad weather.

A cabinet meeting of the Epworth League of the local Methodist Episcopal church is to be held on Wednesday evening at 8 o'clock at the church.

Arrangements are being made for the picnic of the Bible school of the local Christian church, July 14, at Rock Creek Park.

Rev. Leslie L. Bowers, pastor of the local Christian church, is fostering a movement having as its object the establishment in the church basement or some other suitable place of a recreation center for the boys and girls of the community. Bowers also aims to establish an outdoor recreation center.

Hyattsville, Md.

Hyattsville, Md., July 10.—The Washington Suburban Sanitary Commission has given notice that the use of water from the Hyattsville water system for sprinkling streets, sidewalks, lawns or gardens, except between the hours of 6:30 and 7:30 p. m., is prohibited after July 10.

According to reports submitted last night \$26,387 has been raised in the drive for \$50,000 for a new church, school and hall being carried on by the congregation of St. Jerome's Catholic Church. The team of solicitors, captained by Mrs. John Fainter, took first team honors last night, turning in a total of \$336.

Stanley Crosthwaite, who served in the United States Naval Reserve Force during the war, has again been placed on the active list and ordered to Antwerp, Belgium, for duty in connection with the international Olympic games. Mr. Crosthwaite is to sail July 10.

Henry P. Howard, Jr., son of Mr. and Mrs. Henry P. Howard, Wine avenue, a member of the recent graduating class of Washington Central High School, has entered the United States Naval Academy at Annapolis.

## BRITAIN SHOWS ADVANCE IN AIR

Exhibition Reveals Great Strides in Commercial Aviation.

(Washington Herald-Public Ledger Service—Special Cable Dispatch.)

London, July 10.—The remarkable progress which Great Britain has made during the last year in commercial aviation was evident at yesterday's opening of the air exhibition at the Olympia the largest ever staged. Speaking of what strides England has made, Maj. Gen. Sykes, controller general of civil aviation, stated that during the last year there had been 55,954 flights covering nearly 750,000 miles, 70,000 passengers carried, and more than 115,000 pounds of merchandise transported, although only 519 registered planes were used.

"We have conquered the air and our immediate task is to exploit our victory in the interests of commercial development," Gen. Sykes stated, adding that only one plane met with a fatal accident.

The Olympia exhibition, which has displays of all of the British airplane manufacturers, is unique in that it shows airplanes with sleeping compartments, airplane limousines and air jitneys.

Air travel is becoming so popular between here and the continent that it was suggested at the Olympia that facilities for strap hangers would soon be available on the machines flying from here to Paris and Brussels.

ESPIONAGE OF ALIENS ENDED BY UNCLE SAM

Several thousand enemy aliens, who have been subject to war regulations, will be released from parole July 15 and their bonds cancelled under the terms of a general order of the Department of Justice now in the hands of all Federal district attorneys. The order went forward several days ago, but no announcement of it was authorized here because of the absence of Attorney General Palmer.

Acknowledgment that the German and Austrian residents of the United States would be released from governmental surveillance, next Thursday was made last night by W. L. Frierson, acting Attorney General, after the order had been made public by the office of the district attorney at St. Louis.

(Public Ledger Service.)

## Birthday Greeting

GEORGE W. NORRIS.

Senator from Nebraska, who came to the Fifty-eighth Congress from a district judgeship in his State, will today celebrate his 59th birthday. Senator Norris received the Republican nomination for United States Senator at a State-wide primary in 1912, and was afterward endorsed by the Progressive party. His home here is at 3300 Ross place, Cleveland Park.

WOMEN TO FIGHT PLAGUE IN PERU

Norfolk, Va., July 10.—To aid her father, Dr. Henry Rose Carter, in his battle against the yellow fever plague in Peru, Miss Laura Armistead Carter, of Baltimore, will leave for the pest ridden country soon.

Miss Carter has had long experience as her father's assistant in fighting yellow fever. She will go into the center of the yellow fever area in the Piure section on the Peruvian coast.

Efforts are being made to check the spread of the disease to other parts of the continent.

Dr. Carter formerly was head of the Marine hospital at Norfolk.

## JAPS ACCUSE U.S. ATTACHE

Tokyo Newspapers Declare Col. Burnett Negotiated For Military Maps.

By GLENN BABB.

(Washington Herald-Public Ledger Service—Special Cable Dispatch.)

Tokyo, July 10.—Newspaper stories virtually accusing Col. Charles B. Burnett, American military attaché here, of negotiating improperly for the purchase of maps of military value from a Japanese subject have created a sensation and have been the subject of diplomatic interchange between the embassy and the foreign office.

In a memorandum to the foreign office, Edward Bell, American charge d'affaires, laid the facts before the Japanese government, showing that Burnett did not attempt to purchase the maps which had been offered him by T. Oyama, a nephew of Marshal Prince Oyama, commander-in-chief of the Japanese forces in the Russo-Japanese war.

Oyama was a civilian employee attached to the Japanese force in Siberia and exchanged there Russian maps of Siberia, which he tried to sell Col. Burnett.

Full report, including the text of the memorandum exchanged, has been cabled to the American State Department.

DORSEY'S HEALTH CAUSED CLEMENCY

(Public Ledger Service.)

The sharp criticism offered by Federal Judge K. M. Landis on President Wilson's recent action in extending executive clemency to James Dorsey, the millionaire Illinois cattleman, convicted of using the mails to defraud, brought the assertion from Government officials yesterday that the President was actuated by humanitarian motives.

Dorsey's sentence of eight years was commuted to four years by the President, it was stated officially, wholly because of the man's physical condition.

Convention Delegates Named.

Charles V. Imlay and Frederick S. Tyler yesterday were named by the Commissioners to represent the District at the convention of the Commission on the National Conference of Commissioners on Uniform State Laws. The convention will be held at St. Louis, August 19.

## DRIVE TO RECLASSIFY ENTIRE CIVIL SERVICE

Reclassification of the entire Civil Service, with the Nolan minimum of \$3 a day as the basic principle, is to be the first goal of the executive council of the National Federation of Federal Employees which will be in session in Washington during the week beginning July 12, according to announcement yesterday by E. J. Newmyer, secretary-treasurer of the organization.

"We have launched a drive for membership of 100,000 and it is proposed by thus strengthening the organization's lines to make possible a nation-wide educational campaign to convince Congress that the only way to secure adequate and efficient public service is to adopt fair and business-like policies with reference to government workers," declared Newmyer.

## New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth."

"Yet now, at an age over 60, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asserted would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days."

"That I was astonished and happy is expressing my state of mind mildly."

"Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing power of the mysterious tonic."

"I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called KOTALKO, and later had the recipe put into practical form by a chemist."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, alopecia areata or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until last I came across Kotalko. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had completely bald, over which hair is now growing since I used Kotalko." Mrs. Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using Kotalko, my hair is growing all over the place that was bald. Many more splendid, convincing reports from satisfied users."

KOTALKO contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo; but a hair elixir of wonderful efficiency. All ingredients are safe and harmless, even for a child's scalp and hair. Positively KOTALKO is one delightfully reliable hair preparation that succeeds upon genuine merit. Buy a box of KOTALKO at the drug store, or ask for Kotalko at the toilet goods or drug counter of any large department store. Remember the name. Accept nothing else as "just as good." \$3.00 GUARANTEE. Or if you send 10 cents (silver or stamps), you will receive a PROOF BOX of Kotalko with BROCHURE, postpaid. Determine HOW to eliminate DANDRUFF, to treat BALDNESS, to STOP HAIR FROM FALLING. Get a box of guaranteed KOTALKO, apply once or twice daily; watch in your mirror. For PROOF BOX (10 cents, none other-wise) write to:
